

Gravity, Galaxies and Galactic Grub!

After our visit from the Wonderdome, the children can't wait to find out more about space! Here are some ideas to help at home.

Please send in any completed tasks or photographs. We'd love to share them with the class.

Visit Cardiff Museum and find the moon rock. It is one of only 3 on display in the whole of the UK.

Make a model of your favourite planet/solar system

On a clear night you may be able to spot the International Space Station. Here are some links to help you:

https://spotthestation.nasa.gov/sightings/view.cfm?country=United_Kingdom®ion=England&city=Bristol

Do some star and planet gazing - use this website to help find out what you could spot.

Create your own slide show on Google Classroom about a planet of your choice.

Remember to include a photo of your chosen planet, as well as facts and figures.

Talkabout Questions

Questions to chat about as a family

Are we alone in the universe?

If you were an astronaut what planet would you like to visit? Which planet would you avoid?

If you met an astronaut, what would you ask them?

Would you go to space?
