

Coed Glas PTA

How can you help?

- Committee / non committee volunteer
 - o both are incredibly valuable. At present we urgently need families who are able to be active committee members to keep the PTA running.
- Committee members:
 - o Chair and Treasurer –
 - Roles involve organising meetings to agree ideas for fundraising and activities and record approval for school requests for funds. Also recording the income and outgoings of the PTA (it is a legally registered charity), keeping records and any other admin required for the charity.
 - The PTA cannot run without a Chair/Treasurer.
 - **There is one committee member currently holding the Chair/Treasurer role and their child will leave Coed Glas in July this year. If no replacements are in place the PTA will be dissolved in Sept 2026.**
 - Both roles can be shared between more than one person to reduce the commitment required.
 - o Other committee roles:
 - Secretary, Media/comms and Volunteer coordinator are examples of other roles we have had in the past although, 'General committee member' is also a great way to join the committee and find out more before taking on roles that suit your skills and time available. All elected members of the committee have equal voting rights.
- Non committee volunteer
 - o Over the last year we are grateful to all those parents/carers/families that have joined our Whatsapp community. Joining this group allows us to reach out for help with specific activities or events. As a member of this group you receive a limited number of announcements which can be responded to but you are not part of a busy messaging group. If you are able to help with specific events there is usually a group set up for that and only event specific messaging is in that group.

What does the PTA do?

Raise funds / events
